EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The status identifiers for claims 1, 20, and 35 are incorrect and have been changed to (currently amended). Claims 5 and 29 are cancelled. It is also noted that claim 48 was omitted from the listing of claims even though it had been previously been cancelled. To complete the listing of claims, the examiner's amendment also adds claim 48 (cancelled).

2. The filing of the statement under 37 CFR 3.73(b) overcomes the obviousness-type double patenting rejection. The additional limitations added to each of the independent claims distinguishes the claims of the present application from France et al.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric Keasel whose telephone number is (571) 272-4929. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Mar can be reached on (571) 272-4906. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
